

Mid Continent Nail Corporation

2700 Central Avenue
Poplar Bluff, MO 63901
Phone: 800-867-6245
Fax: 573-778-3211

TO: Whom It May Concern

DATE: 6-1-2017

We have received a request for information on products that we supply to your company that may contain any of the 164 current chemicals considered as “substances of very high concern” according to the European Union Legislation known as REACH.

We do not manufacture any material or use any of the substances listed in the REACH program as a “substance of very high concern”. We have reviewed the MSDS sheets for the products that we stock and they contain none of the SVHC chemicals with a weight greater than 1% as noted by Article 33(1) of the REACH regulation.

The stock material we supply or any vinyl films that may be applied, therefore, do not apply to REACH regulations and we consequently are not required under REACH regulations to complete registration paperwork.

DEACERO and Mid Continent Nail visualizes sustainability as an integral part of all its operations by generating economic, social and environmental value. We believe that the satisfaction of the present needs should not compromise the ability of future generations to satisfy their own. That is the reason because we take care of our impacts in all the stages of our process.

Please let me know if you need anything else.

Sincerely,

María Laura Gutiérrez Saucedá
Sustainability Manager
DEACERO
